EDUCATION

Tampere University of Applied Sciences

2018-2022

Bachelor of Engineering, Energy & Environment

WORK EXPERIENCE

Summer innovation Challenges

10.5.2021-24.6.2021

I was participated in the Summer Innovation Challenges course by HUBS with project partner GLOBE HOPE. The project was to innovate new solutions to Globe Hope's Zero Waste concept.

Be Light – Be Green International Project

6.4.2021-29.6.2021

The aim of this project was to obtain deeper and specialized knowledge in a Finnish-Dutch team of students related to recyclability and material life cycle of cellulose-based foam.

Punamusta Oy – Production Worker

2022-Present

I worked as production employee where my jobs are production task, such as monitoring and using machines and equipment.

Carbon Literacy Project

8.1.2022-28.4.2022

This is the project via Sheffield Hallam University where students from Tampere-UK participated together to achieve the common goal as by reducing the harmful carbon gases from our daily living life.
